NEWS FROM
Shriners Children's™ Ohio

MARCH 2022

The team at Shriners Children's Ohio put on their party masks to celebrate the one year anniversary of our new location inside Dayton Children's Hospital. Take a look at the sweet celebration that highlighted our patients and Shriners like you!

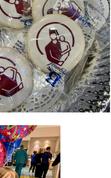
This edition also contains a link to resources to help you and your temple celebrate the 100th anniversary of Shriners Children's and the 150th anniversary of Shriners International. Plus, read a heartfelt note from a Roadrunner about his first experience at our new hospital. *As always, please share this information with your fellow nobles.*

-- Jessica Wagner, Marketing & Communications Coordinator

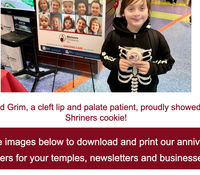
A sweet celebration for our first anniversary!

The atrium at Dayton Children's Hospital was the heart of the party for the first anniversary in our new location!

The SCO team highlighted inspiring patient stories, the compassionate commitment of our Shriners, raffled two heart ornaments and passed out 500 special cookies!



Special anniversary posters featured some of the faces of Shriners Children's Ohio: our patients and staff!



8-year-old Grim, a cleft lip and palate patient, proudly showed off his Shriners cookie!

Click the images below to download and print our anniversary posters for your temples, newsletters and businesses.

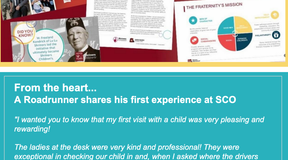
We can't tell our story without you!



From the heart...
A Roadrunner shares his first experience at SCO

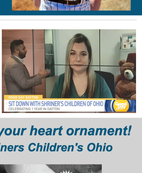
"I wanted you to know that my first visit with a child was very pleasing and rewarding!

The ladies at the desk were very kind and professional! They were exceptional in checking our child in and, when I asked where the drivers need to wait, one of ladies took us to the drivers' room and explained where everything was and told us, if we needed anything, to please let her know!

After our visit, on our ride home, the mother said her daughter had a complex about her bum scars, but after the doctor and nurse took the time to talk with child, she began to smile and laugh! To be honest, she was a joy on our trip back to Virginia!

I have been driving for over 15 years and this was the most rewarding experience I have had! I passed to our Potentate! I just felt to let you know what a wonderful experience I had and to say thank you for the care given to our Shrine child at our hospital!"

Dylan then and now!



9-year-old Dylan has had more than 33 surgeries at Shriners Children's Ohio to treat a rare congenital skin condition. Despite the diagnosis, Dylan is a very active boy who loves playing baseball, looking after his older brothers and being a role model to other patients!

SCO on "Good Day Dayton"

Our marketing and communications coordinator appeared on "Good Day Dayton" to talk about our mission and our one year anniversary in the Gem City. Click the link below to watch the full interview.
