Shriners, patients, staff and families mark 3 anniversaries at Milestone Celebration

Shriners Children's has celebrated 100 years of changing lives in Dayton, 100 years of changing lives in Ohio and 100 years of changing lives in the Americas.

Current and former patients joined the celebration which centered on Pediatric Care Month, a time to mark Children's history with and every Staff Member, Volunteer, Donor, Ambassador and Shriners Host who has helped to provide and physical therapy, mentoring and pharmacy, until the last surgeon leaves.

We topped the celebration with a series of short presentations telling stories of their 100 years.
