

Dear Fellow Nobles,
Happy Thanksgiving!

I am so pleased to be able to personally thank you for your dedication and commitment to Shriners International and Shriners Hospitals for Children. Together, we make the world and our communities better places, and we improve the lives of children and families around the world. I am thankful for the efforts of each of you, and proud of what we accomplish.

Every day, as members of Shriners International, we have the opportunity to deepen friendships with one another, help our brothers who may be having especially hard times, and be an example to others through our lives and our commitment to our communities.

And, every day, our philanthropy, Shriners Hospitals for Children, provides hope, healing, compassion and excellent care to children. Our staff and volunteers do an absolutely amazing job, and their dedication to our mission is as inspiring as the children they care for. They have continued to work as hard and diligently as ever, even in the face of a global pandemic.

Working together, we have all contributed to helping our young patients discover how much they can achieve and overcome, and we share in their joy and celebrate their successes.

Jerry G. Gantt
Chairman, Board of Trustees
Shriners Hospitals for Children
