

2022 Burn Awareness Week

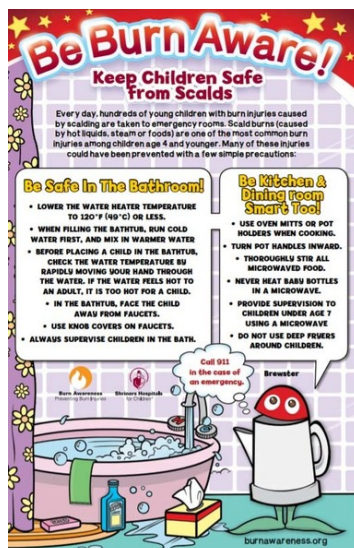

Burn Awareness Week is Feb. 6-12, 2022, and Shriners Children's will use the week to kick off its annual campaign, **Be Burn Aware**, to help prevent burn injuries, especially at home, where most preventable burn injuries occur.

Homes are the sites of thousands of burn injuries to children every year, including scalds, fire-related injuries, and even electrical burns. With some simple precautions, many of these types of injuries may be prevented. Shriners Children's and Shriners International are committed to raising awareness about burn prevention in order to reduce the number of pediatric burn injuries. Educational resources and promotional aids in support of burn awareness and prevention are available at beburnaware.org.

Since COVID-19 is still affecting some communities, your Burn Awareness Week activities may look different this year. But there are still ways nobles can get the word out and help keep local children safe from burn injuries. We hope these resources will help.

Boots and Brewster: The Burn Awareness Pair

Many resources are available on shrinersinternational.org to help temples work with their local communities about burn awareness.

[Informational sheets and quick facts are available here.](#)

Other resources include:

Temple information sheet

Press release template

One sheet

Proclamation

Boots and Brewster Educational Video

Thank you for supporting the burn awareness campaign and for all your efforts to improve and protect the lives of children.

If you have any questions, please contact the marketing and communications department at Shriners International Headquarters at marketing@shrinenet.org or 813-281-8162.
