

Women Impacting Care

First Lady Jennifer “JJ” Craven's The World is Your Oyster program, shows how Shriners Children's patients' grit and determination come together with the expertise of our healthcare specialists to overcome challenges and

create endless possibilities for success and recovery. The program focuses on the extraordinary care Shriners Children's offers for pediatric sports-related injuries by bringing awareness of the sports-related conditions treated and by helping potential patients and families learn how to access this care.
